Bus Stops 2009-2010

August 27, 2009

The following is a list of the buses and the stops each bus will service. The bus stops are listed in the order that the bus will service them. The pick up time for the first stop is listed.

There have been several changes this year that may pertain to your child for the 2009-2010 school year. Please check the list of bus stops carefully. Some bus stops have been changed from one bus to a different bus, some stops have been added and some have been consolidated. Please locate your child's bus stop, make note of the bus number, and pay close attention to the pick-up time. For the first several weeks, all children should be at their bus stop **five minutes prior to the time designated for the First Stop.**

Bus reminders:

- Your bus stop for middle school may be different than elementary school, sometimes middle school children are expected to walk a little farther to a stop than elementary students.
- All students must be listed on the bus driver's roster to board a bus in the afternoon.
- Students may only ride their assigned bus; they do not have permission to ride a friend's bus even with a parents note.
- Failure to comply with the bus driver's rules while riding a bus may result in a student's removal from that bus.
